PROFILE SUMMARY

A motivated and self-driven frontend developer committed to continuous learning and professional growth. Highly goal-oriented, adaptable, and skilled at collaborating within a team or working independently. Proactive and open to implementing innovative technologies and methodologies to create user-friendly and efficient web solutions. Dedicated to delivering high-quality, aesthetic, and responsive designs that enhance user experience.

PROFESSIONAL EXPERIENCE

Markup Agency   **March 2024 - present**
Frontend Developer

- Implemented scalable codebases for various project types, ranging from single-page applications (SPAs) to content management systems (CMS), using modern frameworks like React.js and Next.js.
- Collaborate closely with designers and backend developers to ensure seamless integration and optimal user experience
- Managed multiple projects simultaneously, demonstrating strong problem-solving skills and adaptability to meet tight deadlines.

Bootcamp - Eacamp   **December 2023 – March 2024**
Frontend Developer

- Supported in landing their first developer roles
- Introduced code review processes, improving code maintainability
- Mentored on using version control (Git) effectively, including branching strategies and pull request management.
